GRAPHIC SERVICES

Today's technology puts high quality, large scale graphics within the reach of every exhibitor's budget. A breathtaking graphic grabs attention and will stop traffic at your booth!

We have a wealth of tradeshow experience and a complete range of graphic services to offer. Together with traditional large-format, high quality inkjet murals and banners, we also offer "back-lit" transparencies, CNC cut vinyl, raised lettering, silkscreen printing and most other forms of signage.

With so many choices to improve the appearance of your presentation, graphics should be viewed as essential and not a luxury.

For more information about adding graphics to any of the products in this catalog, or if you already own a display and are simply looking for new or replacement graphics, call us today and our experienced graphics specialists can help you take your display to a new level!

**IMAGINE
PREMIUM**

A premium, single-sided cassette banner with features that include a ratchet graphic tensioner, self-adhesive slide-in direct-to-roller graphic mounting, universal dual option gripper/self-adhesive slide-in top rail, anti-slip strips along the base unit, clip-in integral pole and allen key storage. Dash Mini single sided: DSH-M
Graphic size: 31.5"W up to 78.5"H (.5" bleed at top & bottom)
Dash Mini double sided: DSH-M-2

DASH MEGA

TRIPOD TELESCOPIC BANNER STAND
Dash Mega is a well crafted tripod banner stand. Manufactured of anodized aluminum, it's very stable, quick & easy to erect. Available as a single or double sided unit. A carry bag with tube is included.
Dash Mega single sided: DSH-ME-1
Graphic size: 36"W up to 95"H (Live area is .75" less at top and bottom)
Dash Mega double sided: DSH-ME-2

BANNER STANDS: SPRING

ARK ADVANCE

SPRING BACK BANNER STAND
Technology and elegance are combined in one great product. The Ark includes cast aluminum feet and a "pro style" carry bag with a tubular inner liner. Great for trade shows and corporate receptions!
Graphic size: 31.5"W x 86"H

I-BANNER

SPRING BACK BANNER STAND
Available in three widths. Poles can be added or removed to give various height options (poles are included). Lightweight carry bag included.
24" wide (I-Banner 620): IB-620
Graphic size: 24"W X 59"H or 78.5"H
27" wide (I-Banner 700): IB-700
Graphic size: 27"W X 59"H or 78.5"H
36" wide (I-Banner 920): IB-920
Graphic size: 35.25"W X 59"H or 78.5"H

VORT-X

X FRAME BANNER STAND
A lightweight X frame banner display designed to take a vinyl graphic with eyelet grommet corners. Can be used as single or double sided.
Order ref: VTX-2
Graphic size: Overall graphic size is 27.5"W X 70.75"H.

LIGHTNING

ECONOMY TENSION-BACK BANNER STAND
Light weight and easy to use, the Lightning is a good all around tension-back banner stand. Snap-lock graphic rails make changing the graphic fast and simple. The Lightning comes complete with a budget carry bag.
Order ref: LTNG
Graphic size: 31.5" W X 77.5" H (+ .5" bleed at top & bottom)

STORM HD

HEAVY DUTY OUTDOOR BANNER STAND
 The Storm HD has an oversized hollow base to which either water or sand can be added as a weighting agent. Great for high traffic areas or extreme weather conditions. Can be single or double sided. Carry bag included. Single sided Storm HD: STRM-1
 Double sided Storm HD: STRM-2
 Graphic size: 24.5"W X 71"H with grommets in each corner.

MISTRAL

OUTDOOR LIGHT POLE BANNER HANGER

Street pole banner campaigns are ideal for community street beautification campaigns, special event signage, seasonal decorations, special events—you name it. Mistral features nonrusting, stainless steel, cast aluminum and fiberglass construction. Designed for hanging outdoor banners from street poles and street light posts. The 36" fiberglass rod can be cut down for narrower graphics. Graphic height is variable, maximum width is 36"W. Order ref: OUT-PST-BNR

ROCKET

PORTABLE OUTDOOR SIDEWALK SIGN SYSTEM

The Rocket is ideal for sidewalk advertising. The base can be filled with water for stability and the spring loaded graphic support provides the flexibility needed to handle the change of outdoor elements. Graphic size: variable, maximum recommended size is 24"W x 36"H. Order ref: RCKT

WHIRLWIND

DOUBLE-SIDED OUTDOOR SIGNBOARD
 The Whirlwind features tool-free assembly and rugged aluminum and powder coated steel construction. The dual spring design flexes to help withstand wind gusts. The hollow base can be filled with water or sand for extra stability and has wheels for easy installation and removal.

Approx. graphic size: 23.23"W x 32.87"H.
 Order ref: WHRL-WND

STORM PRO

OUTDOOR BANNER STAND

The Storm PRO features heavy duty construction and excellent strength and stability. Each unit comes with a hollow base that can be filled with water or sand. The telescopic support pole and completely adjustable central hub allow you to vary the height of the graphic to fit your needs and rotate the graphic 45° or from horizontal to vertical. Available in a silver finish. Note: Graphic does not rotate when set to maximum height. Single sided: STRM-PR
 Double sided: STRM-PR2
 Graphic height varies: 23.5"W X 63"H as shown
 23.5"W X 86"H when using the bottom graphic clips shown on the right.

REVOLUTION

MOTORIZED SCROLLING BANNER STAND

The Revolution is a motorized scrolling banner display system. Unlike the Maverick, the Revolution is not a floor standing unit, therefore the graphic can vary in height. It can be suspended from ceiling hooks (not included) or attached to a wall. The Revolution adds movement to practically any flat surface! Carry bag included. Graphic size: 32.5"W x 160"H (maximum height of looped graphic)
Order ref: REV-850-S

MAVERICK STANDARD

ECONOMY MOTORIZED SCROLLING BANNER STAND

Twin Telescopic arms allow you to set the height of your display from 48" up to 72". The scrolling mechanism at the top offers a wide variety of options for the length and style of your graphic. The Maverick Standard utilizes standard 110v power and comes complete with a carry bag. Graphic size: 28.75"W x 145"H (maximum height of looped graphic)
Order ref: MAV-STD

WIND DANCER

TELESCOPIC OUTDOOR FLAGPOLE

Wind Dancer is a great option for outdoor and indoor banner display. It offers an adjustable display height of up to 16' and comes with a hollow base allowing the option of adding either water or sand as a weighting agent. The constructed unit is easy to position, erect and remove. Complete user instructions included.

Order ref: WIND-MX

Graphic size: 43"W X 144"H Allow 1.5" for grommets along the top and inside edges.

WIND DANCER LANYARD

FLAGPOLE OPTION
Allows a standard Wind Dancer unit to be converted into a flagpole.
Order ref: WND-MX-FPCK

WIND DANCER SPIRE

DOUBLE-SIDED WIND DANCER OPTION

Allows a standard Wind Dancer unit to be converted to a doubled-sided "V" shaped banner. Approximate graphic dimensions:
top 40"W
bottom 19.6"W
height: 157.5"H
Order ref: WIND-MX-FPCK2

Kit includes: top and bottom pole hardware, graphic attachment rings and ring stops.

SPINNAKER

DOUBLE SIDED BILLBOARD

A versatile indoor/outdoor billboard that can be used for single or double sided presentation. With a maximum graphic area of 8' wide x 8' high (weather and wind conditions permitting), it's an ideal promotional solution for outdoor events, advertisements, exhibitions and public areas such as airports and shopping centers. Units can be linked together for added impact!

Order ref: SPKR

Graphic size: 98"W

Graphic height is variable: 45" minimum up to 94"

MONSOON

The MONSOON - is a semi-portable double sided billboard that features a strong frame that is both easy and quick to assemble. The graphic size is 32"H x 92.125"W and typically uses a vinyl banner that can be secured into place by bungee rope and banner grommets. (Banner and Bungee not included). Order ref: MONSN-2

TABLE ACE

 Order ref: PHY-ULS

EXPANDING DISPLAY SYSTEMS: POPUPS

The Coyote popup display system combines strength, reliability and style. It features several unique advantages over other similar Popup display systems, especially its light weight and simplistic ease of use. Compared with complicated "snap in" channel bars and delicate locking/locating systems, the Coyote uses state of the art "Rare Earth Neo Magnets" on both its channel bars and locking/location systems. These make it very quick and simple to erect and take down, with practically no "easy to break" parts. Full display systems are offered in a wide choice of configurations from basic tabletop kits to full 20' long displays. All Coyote displays are offered as curved or straight systems, single or double sided and offer the option of combining with either breath taking seamless graphic mural panels or versatile "Velcro friendly" fabric panels.

Case converts to a counter

Fast and easy to assemble, the Coyote Popup display frame is both light weight and strong.

Magnetic channel bars simply snap into place in moments to form a rigid structure for your fabric or graphic mural panels.

With the Coyote, spectacular graphic mural panels are simple to install.

COYOTE INTERNAL SHELF KIT

Our professionally finished internal shelf kit offers you the option of presenting products or marketing literature directly from the front face of your Coyote popup display.

The Coyote shelf kit assembles in seconds and comes complete with two clear acrylic shelves which can be used either horizontally or at 45 degree angles. (Only available for use with 'curved' Coyote popup display. Shelf kit does not fit into OCP oval molded popup case)

COYOTE BUBBLE PANEL OPTION

Add a new dimension to your Coyote Popup display system with a forward facing, convex bubble panel. Panel can be fabric, OPAQUE graphic or even a rear illuminated graphic. (Lighting kits for rear illuminated bubble panel, sold separately) Panel and hardware can be stored with display in conventional OCP oval molded popup case.

CASE TO COUNTER CONVERSION KIT

Not only does the OCP oval molded popup case offer internal storage for lighting and great all around protection for your Coyote or Spyder popup display system- it can also be converted into a useful and attractive counter! The case comes complete with a solid writing surface which can be secured to the top and then either a fabric or graphic wrap can be applied to the outer face to create a dynamic counter or product platform. (C2C Fabric or graphic wrap sold separately).

OPTIONAL LIGHTING

The Lumina 200 and Lumina 7 offer a good, all around solution for illuminating your Coyote or Spyder popup exhibit.

the Spyder

POPUP DISPLAY SYSTEM

SPYDER ELITE POPUP DISPLAY SYSTEM

The Spyder is quite possibly one of the most advanced popup display systems on the market! It offers the very best in up to date display technology and state of the art materials- featuring fully magnetic locking arms, panel hangers and channel bars. The Spyder is extremely fast to assemble and the internal 'web' cross bracing provides the additional strength and rigidity for a nearly unbeatable finished appearance. The Spyder is available with fabric panels, as shown, or as full graphic mural kits.

Only available as 3X3 and 4X3 curved exhibit kits.

3X3 kit with fabric panels

3X3 kit with fabric panels

4X3 kit with fabric panels

Extremely fast assembly with a strong, rigid frame.

The Spyder is the ultimate choice for sophisticated exhibit presentation!

TENSION FABRIC EXHIBIT SYSTEM

FORMULATE 2

Horizontally curved 10' wide tension fabric exhibit structure: FMLT-2
 Clamp-on literature pocket: FMLT-LP (pocket sold separately)

Kits come complete with a molded transit case. (Note: options and upgrades may not fit in the case)

FORMULATE 1

Vertically curved 10' wide tension fabric exhibit structure: FMLT-1
 Wrap-around tabletop in Silver finish: FMLT-TS Wood finish: FMLT-TT-W
 (Tabletop sold separately)

Tension fabric systems are the next generation in large format graphic displays. These light weight systems are highly portable and easy to set up, offering maximum impact with minimal fuss!

HOPUP

PORTABLE DISPLAY

The HopUp has a light weight, heavy duty frame that can suspend a fabric graphic mural. It sets up in seconds and can be packed away just as quickly! Available in three convenient sizes.

6' wide tabletop system : HOP-6-TS
 8' wide system: HOP-8-S
 10' wide system: HOP-10-S

6' wide system

8' wide system

The durable fabric graphic image stays attached to the aluminum frame for fast and efficient use.

A carry bag is included with all units.

Protect your investment by storing and transporting your exhibit and graphics in our high quality molded cases.

THE OCS AND OCL

GRAPHIC AND ACCESSORY SHIPPING CASES
The OCS and OCL graphic and accessory shipping cases are tough, blow molded cases that offer maximum protection for your trade show graphics. Available in two sizes, with reliable built in wheels and an easy to grip molded handle.

Small molded graphic case (interior dimensions: 14" diameter X 39.5"H): OCS
Large molded graphic case (interior dimensions: 14" diameter X 50.75"H): OCL

THE OCP
POPUP AND GENERAL PURPOSE TRANSIT CASE
The OCP incorporates state of the art blow molding technology to create a strong yet lightweight case. Features include reliable built in wheels, handle and internal storage in the lid for standard food lights or accessories. Easily converts into a counter or podium. Order ref: OCP

The OCP Molded case converts easily into an attractive and useful counter! Case to counter fabric conversion (choice of fabric colors): OCP-C2C-F

HERO MOLDED CASE
Store and transport your Hero panel exhibit in this optional molded hard case. Order ref: OCH

CUSTOM CARRY BAGS

QUICK-SHIP "OFF THE SHELF" TRADESHOW TRUSS KITS

EVERYTHING YOU NEED!

We offer a wide range of "off the shelf" kits for a variety of booth sizes and configurations. Professionally manufactured in the U.S.A, Orbital Expo-Truss Extreme will give your next trade show the amazing look of a full custom designed exhibit, but at a fraction of the cost.

VALUE FOR MONEY!

Each kit comes complete with all the parts, fixtures and fittings that you need to build your successful exhibit. With Orbital Expo-Truss Extreme you get much more than just the structure! Where indicated in the brochure, kits also come with stylish 50 watt, low voltage spot lights and adjustable tabletops in two choices of style and finish- textured silver or beech wood. The entire exhibit comes neatly packaged in re-usable, heavy-duty plastic molded freight cases, so that you can get the most out of your system, time after time.

VERSATILE!

Trade show spaces can change and so can your exhibit needs. Every Orbital Expo-Truss Extreme kit is completely modular, which allows you to reconfigure it over and over in many combinations that adapt to your changing needs. Have the versatility and impact of a "new look" for every show!

QUICK AND SIMPLE!

The simple, easy to use design of Orbital Expo-Truss Extreme makes exhibiting trouble-free. Kits are supplied with a full set of color coded assembly instructions.

This well structured and padded EVA formed case is an ideal way to store and protect your lighting investment. Case holds 2 low voltage spotlights and power supplies. Order ref: SPT-CASE

LUMINA SPT CASE

SIGNPRO SYSTEMS

REQUEST A FULL SIGNPRO SYSTEMS CATALOG OF DISCOUNT MODULAR WAYFINDING SYSTEMS OR VISIT US ON THE WEB AT: WWW.SIGNPROSYSTEMS.COM

USA

The USA range of flat surface, wall mountable 'wayfinding' signage systems can be used in both the vertical and horizontal positions and feature a high quality aluminum extruded body with impact modified, plastic molded end caps. Available in anodized Silver and satin Black finishes, each system offers choices in both width and length and comes complete with fixings ready for immediate application.

USASM Wall Mount Sign

The USASM is a double-sided, sidewall mountable 'wayfinding' signage system that is typically used in the horizontal position but can be used as a vertical sign as well. USASM features a high quality aluminum extruded body with impact modified plastic molded end caps and a two-part steel wall mounting bracket. Available in anodized Silver and silk Black finishes, each system offers choices in both width and length and comes complete with the wall mounting bracket. (Custom lengths are available)

USAD Desk Sign

The USAD is a desktop variation of the USA flatwall, 'way finding' signage system. Available only in the 4.72" profile as a horizontal sign, the USAD features a high quality aluminum extruded body with impact modified plastic molded end caps that double as feet for table or desktop use. Available in anodized Silver and silk Black finishes, the USAD range offers several choices of standard lengths and comes complete and ready for immediate use. (Custom lengths are available)

USAM

A range of multiple USA signage systems, connected together to offer useful signage combinations. The USAM is a flat surface, horizontal or vertical, wall mountable system featuring a high quality, aluminum extruded body with impact modified plastic molded end caps. Available in anodized Silver and silk Black finishes. Each USAM system comes complete with adhesive acrylic mounting tapes. (Custom lengths are available)

The USAT

The USAT range of flat surface, wall mountable 'wayfinding' signage systems can be used in both the vertical and horizontal positions and feature a double-sided, triangular aluminum extruded body with impact modified plastic molded end caps. Available in anodized Silver and silk Black finishes, this stylish 'easy view' system is offered in a wide choice of standard lengths ranging from 5" up to 20." (Custom lengths are available)

USAF Wall Mount Sign

The USAF is a range of double-sided, sidewall mountable 'wayfinding' signage systems that are typically used in the horizontal position. USAF is ideally suited for vinyl cut lettering and features a rectangular aluminum extruded body with impact modified plastic molded end caps, one of which doubles as a sidewall mounting bracket. Available in anodized Silver only, each system offers choices in lengths ranging from 5" up to 16". (Custom lengths are available)
